DESCRIPTION

ADVANCES IN THE HISTORY OF RHETORIC: THE FIRST SIX YEARS is a comprehensive collection of 29 scholarly essays published during the first phase of the journal's history. Research from prominent and developing scholars that was once difficult to acquire is now offered in a coherent and comprehensive collection that is complemented by a detailed index and unified bibliography. This collection covers a range of periods and topics in the history of rhetoric, including Greek and Roman rhetoric, rhetoric and religion, women in the history of rhetoric, rhetoric and science, Renaissance and British rhetorical theory, rhetoric and culture, and the development of American rhetoric and composition. The editors, Richard Leo Enos and David E. Beard, provide a preface and afterword that synthesize the mission and meaning of this work for students and scholars of the history of rhetoric.
